

# Whale Week

## Building a Corridor of Consciousness

December marks the season for North Atlantic Right Whales to come home to Georgia's waters to calve their newborns. Researchers estimate that there are less than 350 whales left. Join us for a multi-organization week of events focused on building awareness of North Atlanta right whales through the arts, sciences, and cultural projects!

**Online Donations**

**Item Donations**

**Sponsorship Deadline  
December 4th**

**December 9th - 14th**
